

箱守仙一郎糖鎖科学シンポジウム

Glycoscience Symposium with Gratitude to Dr. Sen-itiroh Hakomori

平成29年11月10日(金) 13:30-17:00
東北医科薬科大学70周年記念講堂

Opening remark

13:30-13:35

Roger A Laine (University of Louisiana)

13:35-14:00

Windows Opened to Many Research Directions by
Experiencing Postdoctoral Training with Hakomori-sensei

Reiji Kannagi (Academia Sinica)

14:00-14:25

Glycan markers for embryonic stem cells and human cancers

Kiyotoshi Sekiguchi (Osaka University)

14:25-14:50

An odyssey in the extracellular world:
From fibronectin to matrixome research

Coffee break

Yasuyuki Igarashi (Hokkaido University)

15:10-15:35

Run after Hakomori-sensei:
ten years in Seattle and 20 years afterward

Alessandro Prinetti (University of Milano)

15:35-16:00

GEMs from the Emerald City

Kazuhisa Iwabuchi (Juntendo University)

16:00-16:25

A paradigm shift in innate immunity has been the recent
evidence of carbohydrate-carbohydrate interactions

Masahiro Hosono

16:25-16:50

(Tohoku Medical and Pharmaceutical University)

A Half-century Story of the Frog Lectin:
from CRI to IMBG with Dr. Hakomori

Closing

Chair: **Jin-ichi Inokuchi**

東北医科薬科大学附属分子生体膜研究所
井ノ口 仁一, 東 秀好
顧 建国, 細野 雅祐
